Delhi, India

SKILLS

Programming, Data Structures and Algorithms

Comfortable with:
JAVA | C++ | C | PYTHON | GIT | SQL | REACT
| REDUX | BOOTSTRAP | TAILWIND |
TENSORFLOW | NODEJS

EDUCATION

Batchelor of Technology, CSE w/s AIML

SRM Institute of Science and Technology

2023-2027

CGPA : 9.71

Central Board of Secondary Education

Lotus Valley International School

2009-2023

LANGUAGES

English

Hindi

PROFILE

As a first-year student with a fervent passion for software development, I am actively cultivating my skills in this world's developing latest technologies. Committed to continuous learning, I find excitement in contributing innovative solutions to real-world challenges. I am eager to connect with like-minded professionals, share insights, and explore opportunities in the dynamic realm of technology.

EXPERIENCE

Google - AIML Virtual Internship

2023-2024

- Gained proficiency in using Google's AIML tools and platforms, such as TensorFlow, Google Cloud AI, and Dialogflow.
- Analyzed data sets and performed experiments to evaluate and improve the performance of AI models.
- Engaged in hands-on projects and tasks aimed at developing practical skills in AIML technologies.
- Acquired insights into industry best practices and emerging trends in AIML through workshops, seminars, and networking events organized by Google.

FreeCodeCamp - Front End Libraries - Developer Certification

2023-2024

- Demonstrated proficiency in using modern front-end technologies to build dynamic and interactive web applications.
- Mastered key concepts and best practices in front-end development, including HTML5, CSS3, JavaScript, React.js, Redux, and Bootstrap.
- Successfully completed hands-on projects and coding challenges to reinforce learning and practical skills in front-end development.
- Developed responsive and user-friendly web interfaces by leveraging front-end libraries and frameworks effectively.

Leadership Position for Technical Expertise - Senior School

2022-2023

- Appointed as the Technical Head of Lotus Valley International School, demonstrating leadership and technical expertise.
- Designed and implemented innovative solutions to improve technical infrastructure and facilities within the school, enhancing efficiency and functionality.

PROJECTS

- 25 + 5 Clock
- JavaScript iOS Calculator
- Random Quote Generator
- Markdown Previewer
- Drum Machine
- Store Management System (Python - SQL)
